Finder Mike Burt
Silver Pendant

Appreciation

I am delighted to say that on Sunday a lovely man called Mike came to the site of the wedding we had attended on the previous Friday and found my lost pendant. It was literally like finding a needle in a haystack since we had all been sitting on straw bales for the wedding ceremony. That was where, after more than three hours searching, Mike found the pendant. You can imagine that I am almost turning cartwheels (not actually turning cartwheels, you understand – my cartwheeling days are long past!!!). I am so lucky to have it returned, as I had resigned myself to it having gone for ever.

I am so grateful to Mike; and also to you, a lady called Angela, Jed who also offered assistance; and a young man called Tony who turned up to help Mike scan said field.

Mike refused to take any payment for his time and trouble and instead, at his request, we are going to make a donation to Leukaemia UK.

My sincere thanks to you all and to the members of the Crewe & Nantwich MDS for your offers of assistance; and to wish you all much success in future detecting sorties.

With best wishes,

Belinda
